

Build your Main Conference experience

Choose from seven focused tracks featuring product innovation, practical strategies, customer stories, and expert-led learning.

eMaint FOCUSED	01	X5: INNOVATION IN ACTION Explore what is new in X5, AI-powered maintenance, mobile tools, actionable dashboards, inventory practices, and advanced power-user insights.
	02	X4: MASTER, OPTIMIZE & EVOLVE Strengthen X4 performance with migration planning, mobile workflows, hidden features, better data quality, advanced reporting, and admin tools.
	03	DATA, AI & INTEGRATIONS Connect your maintenance ecosystem through product roadmap insights, integrations, executive-ready data, hands-on AI workshops, and adoption strategies.
	04	BEST PRACTICES: STORIES FROM THE FIELD Learn from real reliability journeys, multi-site expansion, successful migrations, shop-floor change, integrations, partners, and regulated industries.
	05	XCELERATE YOU Grow as a reliability leader through career stories, talent development, sustainable change, inclusive leadership, change champions, and culture-building.
FLUKE CMA	06	FLUKE CONDITION MONITORING & ALIGNMENT Build practical skills across condition monitoring strategy, vibration analysis, Fluke software and hardware, leadership value, and hands-on alignment learning.
FLUKE COMING SOON	07	FLUKE TRACK: COMING SOON A new Fluke-focused learning experience is in development. Watch for more information in upcoming Xcelerate communications.
